

IN PEOPLE WE TRUST

MEET ERIN

A Career That's Making an Impact

Joining in 2023, Erin is growing fast in her IT role at the St Monica Trust. She gets involved in a wide range of activities, from supporting IT fixes to representing IT in cross-departmental projects including tech, construction and procurement. In just a short time, Erin's confidence and skills have flourished.

With a background and degree in policing and forensics, Erin brings sharp insight to cyber awareness and community safety. She tells us what's great about this job is that feeling of driving change and spotting opportunities for collaboration across different teams.

Erin values the variety of St Monica Trust's unique villages, the supportive culture, and the chance to see the real-world impact of her work -especially in care, where every project helps people live better.

As a woman in tech, Erin's passionate about reshaping the industry, championing Women in Cyber, and inspiring others to step forward.

Why join us? You'll find purpose, support, and the freedom to grow. Every role here makes a difference - and you'll feel it.
