
IN PEOPLE WE TRUST

MEET MARTA

Growing into leadership through her housekeeping journey

Marta joined St Monica Trust in 2010 after moving from Poland. What began as a housekeeping role to fit around family life soon grew into a career she truly loves. Over time, she took on more office-based tasks — impressing colleagues with her computer skills.

Marta credits the Trust with helping her unlock her potential. Confidence didn't come easily, but with supportive managers she learned to recognise her strengths. Progressing from Housekeeper to Supervisor, she now leads the 40-strong Resident Support Team at Garden House.

She values how family-orientated the Trust is and how colleagues are seen as individuals and genuinely cared for.

Having been close to her grandmother growing up, supporting this generation feels like her way of giving something back.

Why join us?

You'll find genuine support from a team that wants you to thrive.

“I'm proud of how far I've come and proud to be part of the Trust.”
